School Review Questions

Dear parents

In term two the school will be undergoing a self evaluation as part of a school review. During this process the staff will be spending time reviewing our school data. We would also welcome feedback from parents about any aspect of the school’s functioning.

There are two questions we would like you to answer:

1. **What is working well at Ardeer South Primary School?**

2. **What can we do better at Ardeer South Primary School?**

Thank you for providing us with feedback about the school.

J. Evans
Principal
