Term 3

First day back for Term 3:
Monday 21st July

Ardeer South Primary School acknowledges the Wurundjeri people of the Kulin Nation as the traditional custodians of the land the school is located upon, and pays respect to Elders past, present and emerging.

Dear Families,

We are coming closer to the end of Term 2 we are preparing for student reports to go home at the end of next week. There will be an opportunity to discuss your child's report with their teacher at the beginning of Term 3.

We are right in the middle of the cold and flu season. I have included some information below about maintaining healthy practices at this time.

The majority of our day to day communication is via Class Dojo and it is so pleasing to see all the incredible things happening in the classrooms.

Just a few more weeks and we will all be having the chance to sleep in and stay warm at home.

Andrea and Grant

School News

Please support our sausage sizzle next week to go towards fundraising for another set of Volleyball nets.

If you are able to help with this event let the office know.

ASPS BEANIES

Look how warm and comfortable Scarlett and Billie are on these cold days.

ASPS Beanies can be purchased at the office for \$15

Safety Update

We would like to inform our school community that there has been an increase in Cold and Flu and COVID-19 cases reported in the local area, including within our school. While we continue to follow all recommended health guidelines to keep our students and staff safe, we kindly ask for your support in helping keep us all healthy.

Here are a few important reminders:

- Keep your child home if they are unwell, especially if they show symptoms such as a cough, sore throat, fever, or runny nose.
- Encourage regular hand washing and good hygiene practices at home.

TERM 2 WEEK 7 & 8 ➤ NEWSLETTER ➤ June 2025

Hello Ardeer South Community

In Week 7, we celebrated World Environment Day with the theme "Protect Our Planet." The children learned how small, everyday actions can make a big impact on the Earth. A standout moment was our hands-on gardening activity, where the children eagerly planted in the school garden, showing enthusiasm and responsibility for nurturing the environment.

In Week 8, we shifted into our "Mini Scientists" theme, where the children became curious investigators! Through engaging experiments and fun discoveries, they explored scientific concepts such as cause and effect, reactions, and observation. The week was filled with excitement as our young scientists asked questions, made predictions, and shared their findings with pride.
