

ARDEER SOUTH PRIMARY SCHOOL

Asthma Policy

Purpose:

To ensure that Ardeer South Primary School appropriately supports students diagnosed with asthma.

Objective:

To explain to Ardeer South Primary School parents/carers, staff and students the processes and procedures in place to support students with asthma.

Scope:

This policy applies to:

- All staff, including casual relief staff, contractors and volunteers
- All students who have been diagnosed with asthma or who may require emergency treatment for asthma and their parents/ carers

Policy:

Asthma is a long term condition. People with asthma have sensitive airways in their lungs which react to triggers, causing a 'flare-up'. In a flare-up, the muscles around the airway squeeze tight, the airways swell and become narrow and there is more mucus. This makes it hard to breathe. An asthma flare-up can come on slowly (over hours, days, weeks) or very quickly (over minutes). A sudden or severe asthma flare-up is sometimes called an asthma attack.

Symptoms:

Symptoms of asthma can vary over time and often vary from person to person. The most common asthma symptoms are:

- Breathlessness
- Wheezing (a whistling noise from the chest)
- Tight feeling in the chest
- Persistent cough

Triggers:

A Trigger is something that sets off or starts asthma symptoms. Everyone with asthma has different triggers. For most people with asthma, triggers are only a problem when asthma is not well controlled with medication. Common asthma triggers include:

- Exercise
- Smoke (cigarette smoke, wood smoke from an open fire, burn offs or bushfires)
- House dust mites
- Pollens
- Chemicals such as household cleaning products
- Food chemicals / additives
- Laughter or emotions, such as stress
- Colds and Flu
- Weather changes such as thunderstorms and cold, dry air
- Animals such as cats, dogs
- Deodorants (including perfumes, aftershaves, hairspray and aerosol Deodorant sprays
- Certain medications (including aspirin and anti-inflammatories)

Asthma Management:

If a student diagnosed with asthma enrolls at Ardeer South Primary School:

1. Parents/Carers must provide the school with an Asthma Action Plan which has been completed by the student's medical practitioner. The plan must outline:
 - The prescribed medication taken by the student and when it is administered, for example as pre-medication to exercise or on a regular basis
 - Emergency contact details
 - The contact details of the student's medical practitioner
 - The student's known triggers
 - The emergency procedures to be taken in the event of an asthma flare-up or attack
2. Parent/carers should also provide a photo of the student to be included as part of the student's Asthma Action Plan.
3. Ardeer South Primary School will keep all Asthma Action Plans:
 - Classroom and front office, the staff room and in sick bay
4. School Staff may also work with the parents/carers to develop a Student Health Support Plan which will include details on:
 - How the school will provide support for the student
 - Identify specific strategies
 - Allocate staff to assist the studentAny Student Health Support Plan will be developed in accordance with Ardeer South Primary School's Healthcare Needs Policy.
5. If a student diagnosed with asthma is going to attend a school camp or excursion, Ardeer South Primary School parents/carers are required to provide any updated medical information.
6. If a student's asthma condition or treatment requirements change, parents/carers must notify the school and provide an updated Asthma Action Plan.

7. School staff will work with parents/carers to review the Asthma Action Plan (and the Student Health Support Plans) at the beginning of the year.
8. Student asthma kit

All students diagnosed with asthma are required to have a student asthma kit at school which contains:

- Their own prescribed reliever medication labelled with the student’s name
- Their spacer (if they use one)

Student asthma kits will be stored in the sick bay.

9. School excursions and camps: the school is required to take the student’s asthma kit and Asthma Action Plan to all outside school activities.

Asthma Emergency Response Plan

If a student is:

- Having an asthma attack
- Difficulty breathing for an unknown cause, even if they are not known to have asthma

School staff will endeavour to follow the Asthma First Aid procedures outline in the table below. School staff may contact Triple zero “000” at any time.

Step	Action
1.	Sit the person upright <ul style="list-style-type: none"> • Be clam and reassuring • Do not leave them alone • Seek assistance from another staff member to locate the student’s reliever, the Asthma Emergency Kit and the student’s Asthma Action Plan • If the student’s action plan is not immediately available, use the Asthma First Aid as described in Step 2-5
2.	Give 4 separate puffs of blue or blue/grey reliever puffer: <ul style="list-style-type: none"> • Shake the puffer • Use a spacer if you have one • Put 1 puff into the spacer • Take 4 breaths from the spacer REMEMBER- SHAKE, 1 PUFF, 4 BREATHS
3.	Wait 4 minutes <ul style="list-style-type: none"> • If there is no improvement, give 4 more separate puffs of blue/grey reliever as above (or give 1 more dose of Bricanyl or Symbiocort inhaler)
4.	If there is still no improvement call triple Zero “000” and ask for an ambulance <ul style="list-style-type: none"> • Tell the operator the student is having an asthma attack • Keep giving 4 separate puffs every 4 minutes until emergency assistance arrives (or give 1 more dose of Bricanyl or Symbiocort every 4 minutes- up to 3 doses of Symbicort)

5.	If asthma is relieved after administering Asthma First Aid, stop the treatment and observe the student. Notify the student's emergency contact person and record the incident.
----	--

Staff will call Triple Zero "000" immediately if:

- the person is not breathing
- the person's asthma suddenly becomes worse or is not improving
- the person is having An asthma attack and a reliever is not available
- they are not sure it is asthma
- the person is known to have anaphylaxis

Training For Staff

Staff	Completed By	Course	Provider	Cost	Valid For
Group 1 General Staff	School staff with a direct teaching role with students affected by asthma or other school staff such as office staff directed by the principal after conducting a risk assessment	Asthma first Aid management for education staff (non-accredited) One hour face to face or online training	Asthma Australia	Free to all schools	3 years
Group 2	Staff working with high risk children with a history of severe asthma, or with direct student well-being responsibility, (including PE/sports teachers, first aid and school staff attending camp)	Course in management of Asthma risks and Emergencies in the workplace 22282VIC (Accredited)	Any RTO that has this course in their scope of practice	Paid by Ardeer South Primary School	3 years

Ardeer South Primary School will also conduct an annual briefing for staff on:

- the procedures outlined in this policy
- the causes, symptoms and treatment of asthma
- identities of the students diagnosed with asthma
- how to use a puffer and spacer
- location of:
 - the Asthma Emergency Kits
 - asthma medication which has been provided by parents for student use

Ardeer South Primary School will also provide this policy to casual relief staff

And volunteers who will be working with students and may also provide a Briefing if the principal decided it is necessary depending on the nature of the of nature of the work being performed.

Asthma Emergency Kit

Ardeer South Primary School will provide and maintain at least two Asthma Emergency Kits. One kit will be kept on the school premises in the first aid room and one will be a mobile kit for activities such as:

- yard duty
- camps and excursions

Ardeer South Primary School needs an additional kit for every 300 students stored in the first aid room.

The Asthma Emergency Kit will contain:

- at least 1 blue/ grey reliever medication such as Airomir, Admol or Ventolin
- at least 2 spacer devices(for single person use only) to assist with effective inhalation of the blue/grey reliever medication. (Ardeer South Primary School will ensure spare spacers are available as replacements)
Spacers will be stored in a dust proof container.
- Clear written instructions on Asthma First Aid, including:
 - How to use the medication and spacer devices
 - Steps to be taken in treating an asthma attack
- A record sheet/ log for recording the details of an asthma incident, such as the number of puffs administered.

The business manager, (Lucy Caserta) will monitor and maintain the Asthma

Emergency Kits. They will:

- Ensure all contents are maintained and replaced where necessary
- Regularly check the expiry date on the canisters of the blue/ grey reliever puffers and replace them if they have expired or low on doses
- replace spacers in the kits after each use (spacers are single person use only)
- dispose of any previously used spacers

The blue or blue/grey reliever medication in the Asthma Emergency Kits may be used with a spacer. If the devices come into contact with someone's mouth, they will not be used again and will be replaced.

After each use of a blue or blue/ grey reliever (with a spacer):

- remove the metal canister from the puffer (do not wash the canister)
- wash the plastic casing
- rinse the mouthpiece through the top and bottom under running water for at least 30 seconds
- wash the mouthpiece cover

- air dry and reassemble
- test the puffer to make sure no water remains in it, then return to the Asthma Emergency Kit.

Management of confidential medical information

Confidential medical information provided to Ardeer South Primary School to support a student diagnosed with asthma will be:

- recorded on the student's file
- shared with all relevant staff so that they are able to properly support student's diagnosed with asthma and respond appropriately if necessary

Communication plan

This policy will be available on Ardeer South Primary School's website so that parents/carers and other members of the school community can easily access information about Ardeer South Primary School's asthma management procedures.

Epidemic Thunderstorm Asthma

Ardeer South Primary School will be prepared to act on the warnings and advice from the Department of Education and Training when the risk of epidemic thunderstorm asthma forecast is high.

The Principal and office staff will be registered to receive "thunderstorm asthma warnings" and act accordingly by notifying the school community.
